

C-130 cools threads and pipe during operation thereby improving thread quality!

C-130's clear, light color allows operators to better see the machined part during the cutting operation. It has a low odor and contains an ISOSYN base stock, which provides better thermal and oxidation stability for longer fluid life. The ISOSYN base stock also increases oil life and creates a safer work environment by increasing the fluid's flash point and lowering exposure to aromatics and product vapor, smoking and misting. The chlorine-free nature of the fluid reduces the cost of disposal at the end of the fluid life.

C-130™

**CUTTING AND
THREADING OIL**

- **READY TO USE FORMULA**
- **ANTI-CORROSIVE**
- **COOLS AND LUBRICATES**

WARNING
KEEP OUT OF REACH OF CHILDREN

FOR INDUSTRIAL USE ONLY
SEE RIGHT PANEL FOR ADDITIONAL PRECAUTIONS AND FIRST AID STATEMENTS.

Net Contents: U.S. GALLON

4/15

WARNING

Causes mild skin irritation. Causes eye irritation. May cause respiratory irritation.

Ground/bond container and receiving equipment. Do not breathe mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Avoid release to the environment.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical advice/attention if you feel unwell.

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation or a rash occurs: Get medical attention.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms: Get medical advice/attention.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention

READ SAFETY DATA SHEET BEFORE USE.
