EZY PAK Pot-n-Pan

Pre-Measured • Portion Controlled • Water Soluble Packets

EZY PAK Pot-n-Pan is an advanced formula of cleaning agents designed to deliver maximum results while controlling cost. This highly concentrated powder packet will quickly and easily dissolve in warm water producing an abundance of grease busting suds. **EZY PAK Pot-n-Pan** is specially formulated for hand washing pots and pans, cutting boards, cutlery, dishes, glassware and most other water safe surfaces.

EZY PAK Pot-n-Pan is designed specifically for use in restaurants, institutional kitchens and bars where easy clean up of pots and pans is of prime importance.

EZY PAK Pot-n-Pan is biodegradable and phosphate free. This product produces long lasting suds for hand washing of pots, pans, dishes and glassware. Leaves no streaks or odors, and is easy on hands.

DIRECTIONS:

The **EZY PAK Pot-n-Pan** pouch will quickly and easily dissolve in water. There is no need to tear open pouch. Simply drop one (1) pouch into sink of warm water. Use one packet for up to 20 gallons of water. Agitate solution for maximum suds. Wash and rinse in usual manner. For extra heavy grease: Use two (2) packets per 20 gallons or reduce the amount of water in sink. Consumer tip: To estimate sink capacity, multiply the width, length and height (to normal fill level in inches). Divide the answer by 231 for an estimate of the gallon capacity of the sink.

WARNING:

Contents of pouch may be harmful if swallowed. Causes skin irritation. Causes eye irritation. May cause respiratory irritation. Protection from moisture. Avoid breathing dust. Wash hands thoroughly after handling. Store in a dry place. Store in a closed container.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.

IF ON SKIN: Wash with plenty of water. If skin irritation or a rash occurs: Get medical advice/attention.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms: Get medical advice/attention.

IF IN EYES: Rinse continuously for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

READ SAFETY DATA SHEET BEFORE USE.
