

DESCRIPTION

RED BARON is a heavy duty industrial cleaner and degreaser. It quickly cuts through and lifts the toughest oils, greases, carbon deposits and all types of grime. Oilfield, industrial, marine, and municipal uses are virtually unlimited. **RED BARON** may be used through all types of mechanical cleaning equipment including: steam cleaners, pressure washers and automatic scrubbing machines. It may also be used in manual cleaning operations including: spray on/flush off, bucket washing, mopping, scrubbing and bilge cleaning. The special lifting action of this product will allow for easy rinsing and equipment cleaning. Formulated for use with oil separators.

SPECIAL DILUTIONS

For Steam Cleaners and Pressure Washers: To the concentrate solution tank, add 4 to 14 ounces of **RED BARON** to each gallon of water. Adjust the solution tank valve to obtain amount of cleaner required for different soil conditions.

For Automatic Scrubbers: Increase concentration of use dilution only enough to remove soil present. A 25 to 1 dilution with water is the recommended starting point.

For Soak Tank or Ultrasonics: Use 12 ounces per gallon of water.

General Dilution Table

USES	RED BARON	WATER
Light Cleaning	1 part	20 to 100
Medium Cleaning	1 part	20 to 40
Heavy Cleaning	1 part	10 to 20
