

• METALLIC COATINGS (MCP) DO NOT EXCEED 80% VOC OR 1.90 MIR.

• EQUIVALENT TO HOT DIP ZINC GALVANIZING

• HIGHLY RESISTANT TO SALT CORROSION AND WATER

• ELECTRO-MECHANICAL PROCESS CAUSE HEALING ACTION WHERE SURFACE IS SCRATCHED OR BROKEN

#### DESCRIPTION:

ZINKOTE is a high solids zinc rich coating that forms an electrolytic bond on metal surfaces and prevents the formation of rust and corrosion. Prevents further damage and stops creepage in areas where rusting has already occurred. Provides a cold applied coating which equals the performance of hot dip galvanize treatments. Resists abrasion and large temperature fluctuations.

#### TYPICAL USES:

Structural steel and wire, truck and auto bodies, gutters and downspouts, ships, boats, trailers and docks, marine, farm and road equipment, signs and fencing, tanks and piping, ducts and culverts, air conditioning units, ornamental and antique metal, dairy equipment and oil rigs.

#### DIRECTIONS:

**SHAKE CAN VIGOROUSLY BEFORE AND DURING USE.** Shake can vigorously until agitator ball begins to rattle. Continue shaking for at least one minute after to ensure that all the zinc is in suspension. Surface must be free from all loose rust, oil, grease and old paint. Spray with a sweeping motion holding can no closer than 10 inches from surface. Coating should be touch dry in 15 minutes. May be painted over after allowing approximately six hours to dry. Cures in 24 to 48 hours. Several thin coats are better than one heavy coat.

**IMPORTANT** - To prevent clogging: After each use, invert can and spray a few short bursts to clear valve.

# ZINKOTE

## Instant Cold Galvanizing Compound

- ELECTRO-CHEMICAL BOND
- RUST PROOFS METAL
- STOPS CORROSION
- LONG-LASTING

**DANGER:**  
EXTREMELY FLAMMABLE  
HARMFUL OR FATAL IF SWALLOWED  
VAPOR HARMFUL  
CONTENTS UNDER PRESSURE  
SEE OTHER CAUTIONS ON SIDE PANEL

2/15

NET WT. 13 OZ. (368 Grams)

**DANGER:** Extremely flammable aerosol. May be fatal if swallowed and enters airways. Causes skin irritation. May cause drowsiness or dizziness. May damage fertility or the unborn child. May cause damage to organs through prolonged or repeated exposure. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Do not breathe the mist or vapor. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 49°C/120°F. Dispose of contents/container in accordance with local/regional/national/international regulations.

**IF SWALLOWED:** Immediately call a poison center/doctor. Do NOT induce vomiting.

**IF ON SKIN:** Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

**IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell.

**IF EXPOSED OR CONCERNED:** Get medical advice/attention.

**IF IN EYES:** Rinse with water. Get medical attention if irritation develops and persists.

**CONTAINS:** Butane (106-97-8), Toluene (108-88-3), Zinc Metals (7440-66-6), Propane (74-98-6), Distillates (Petroleum), Hydrotreated Light (64742-47-8), Mineral Spirits (8052-41-3), and Zinc Oxide (1314-13-2).

**Caution:** Sensitive to static discharge. Intentional misuse by concentrating and inhaling the product can be harmful or fatal.

**KEEP OUT OF REACH OF CHILDREN.**

**Warning:** This product contains a chemical(s) known to the state of California to cause birth defects or other reproductive harm.

See Safety Data Sheet for complete safety information. 24 HOUR MEDICAL EMERGENCY: 1-866-836-8855. CONTAINS NO OZONE DEPLETING CHEMICALS!
