Kevin Pollard Appointed to the Board of Directors of Wechem Inc.

Wechem, Inc. is pleased to announce that Kevin Pollard has been appointed to the board of directors of Wechem, Inc. Kevin is currently the Managing Partner and President of GlobalSolve Management Services, LLC an international business consulting firm specializing in acquisition and expansion. Prior to GlobalSolve, Kevin held several senior executive positions including Freeport McMoRan, where he supervised several strategic business units for many years in senior management roles. Kevin is uniquely qualified for this board position with Wechem, Inc. due to his extensive oil and gas, exploration, mining, and general business experience.

Wechem, Inc.'s Board of Directors welcomes Kevin, and looks forward to his many contributions as the company continues to rapidly expand. Wechem Inc. is a 40+ year old industrial and institutional chemical manufacturer, headquartered in Harahan, Louisiana, with operations throughout the Gulf South. Wechem, Inc. specializes in the manufacturing, packaging, marketing and distribution of specialty chemicals for refineries, medical institutions and facilities, industrial industries, offshore, boating, and oil/gas industries. For further information please contact Olin Kropog, President/CEO Wechem Inc.
